EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 37 - Please change the claim dependency to depend on claim 32.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: claims 1-3, 5-18, 20-33 and 35-37 are considered allowable since when reading the claims in light of the specification, as per MPEP § 2111.01, In re Sneed, 710 F.2d 1544, 1548, 218 USPQ 385 (Fed. Cir. 1983), none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims.

The Applicant claims an electronic system with a plurality of heat dissipating components, each component having an independently controllable cooling fan operatively connected thereto (as defined at FIG. 1, page 3 lines 3-5, page 4 lines 9-12, and page 5 lines 3-11 of the specification of the present application). The system also include a fan manager communicating with each component to determine an operating parameter of each component and generating control signals to independently control each cooling fan based on the determined operating parameter for each component (as defined at FIG. 1, page 3 lines 5-8, 12-15, 19-22, page 4 lines 12-14, and page 6 lines 17-22). In which, the heat dissipating components are

processors and the operating parameter determined includes at least one selected from the group consisting of the identification of an operating instruction to be processed in the future by the processor and whether an instruction to be processed by the processor is a high power consuming instruction (as defined at FIG. 1, page 4 lines 9-12, 18-19, page 5 lines 17-25, page 6 lines 3-16, and page 7 lines 5-14), as specified in claim 1 and similarly specified in a method of claim 16, a fan manager for cooling heat dissipating components in an electronic system of claim 31, and a fan system for cooling a heat dissipating component within an electronic system of claim 32.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to examiner *Thomas Pham*; whose telephone number is (571) 272-3689, Monday to Friday from 7:30 AM - 4:00 PM EST or contact Supervisor *Mr. David Vincent* at (571) 272-3080.
